

A CORROBORATION

Of Interest to Santa Fe Readers.

For months Santa Fe citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills by Santa Fe residents. Would these prominent people recommend a remedy that had not proven reliable? Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement? No stronger proof of merit can be had than cures that have stood the test of time. The following statement should carry conviction to the mind of every Santa Fe reader.

Toribio Rodriguez, 110 Johnson street, Santa Fe, N. M., says: "Two and a half years ago I gave a statement for publication in regard to my experience with Doan's Kidney Pills. Today I am stronger in my praise of this remedy than ever. I suffered greatly from disordered kidneys, the pains in my back being so acute at times that I had to stop work and sit down. The trouble steadily grew worse and I rarely knew what was to be free from an ache or pain of some kind. Soon after I began using Doan's Kidney Pills, procured from Stripling, Burrows & Co.'s drug store, my pains and aches disappeared and my back was as sound and well as ever. Doan's Kidney Pills have my strongest endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

TO AND FROM ROSWELL.

Connection made with Automobile line at Torrance for Roswell daily. Automobile leaves Torrance for Roswell at 4 a. m., and arrives at Roswell at 12 noon. Automobile leaves Roswell for Torrance at 1 p. m., and arrives at Torrance at 10 p. m. The fare between Santa Fe and Torrance is \$5.80 and between Torrance and Roswell \$10. Reserve seats on automobile by wire.—J. W. Stockard.

LARGEST HALLS SHOULD BE PACKED

Professor W. R. Pattengill Is Drawing Crowds Wherever He Goes

GREAT EDUCATIONAL TREAT

Will Give Free Lectures Here on Friday and Saturday Evenings.

Hon. H. R. Pattengill and Superintendent of Public Instruction James E. Clark will arrive in Santa Fe tomorrow evening in the course of an itinerary including the principal cities and towns of the territory. Thus far, they have visited Dawson, Raton, Clayton, Dalhart, Tucuman, Santa Rosa and Estancia, addressing mass meetings of citizens and special meetings of county teachers' associations. In every place they have met with interest and enthusiasm.

The territorial department of education today sent out the following circular:

To County Superintendents, City Superintendents, Town Principals, School Officers and Teachers:

We write to urge that every means may be used to make the lectures of Hon. H. R. Pattengill in your city free. His addresses are full of inspiration and practical common sense. The largest hall available should be packed in every place by all persons between the ages of 7 to 100 years. Every one will get good from the lecture. Raise money by school entertainments, by socials, by subscriptions to avoid charging admission. Advertise the meeting and invite every body to come. The added interest in school matters will mean much to you and to your work.

Teachers should make every effort to be present at the places of meeting. Boards of school directors may undoubtedly feel sure of the consent of the county superintendent in allowing teachers to be absent from the school rooms for a day or two, if necessary, to attend these meetings. City superintendents and boards of education should lend their support in this campaign for the sake of educational inspiration. The patron of the school will be found ready to respond to genuine enthusiasm.

This educational campaign now in progress is intended to give renewed impetus to the interest which was awakened a few years ago in our public schools. The appeal being made at present is to the teacher, the school officer, and chiefly to parents and guardians having control of children of school age. To the teacher that she may fit herself during the coming summer for more efficient work next year, to the school officer that he may plan intelligently and patriotically to execute the duties of his office; to the parents and guardians that they may feel the immeasurable importance of education for their children. What will such co-operation mean to the future of New Mexico? It is hard to tell. Statehood may lie in the near or in the distant future, but it will surely be hastened by the interest of the people in education. Let us then, as educators, furnish this as our argument for admission to the Union as a state, that our people are in earnest in their efforts to give every child a fair chance for a common school training.

Please note the places and date of the "Educational Itinerary" as follows: Las Vegas April 17th and 18th, Wagon Mound April 19th and 20th, Albuquerque April 21 and 22nd; Bernadillo April 21st, Belen April 23d, Clovis April 24th and 25th, Portales April 26th and 27th, Roswell April 27th and 28th, Carlsbad April 29th, Carrizozo May 1st and 2d; Alamogordo May 2nd and 3rd.

Yours very respectfully,

J. E. CLARK,

Territorial Superintendent of Public Instruction.

Program for the Santa Fe Meeting.

On Friday Mr. Pattengill and Superintendent Clark will visit the schools of the city making talks to the pupils of the various institutions and meeting the teachers. In the evening there will be a public meeting in the high school auditorium beginning at 8 o'clock at which addresses will be

HOW HE CURED BLOOD POISON

I didn't find out I had contracted Contagious Blood Poison until it had made considerable headway. I had heard a great deal of the value of S. S. S. as a blood medicine, in fact had a friend who had cured himself of the same disease through its use, so as soon as I discovered the nature of my trouble I began taking it. I got along splendidly from the very first and my recovery was steady. When I first began the use of S. S. S. my face was so full of sores and eruptions that I could not shave. Other parts of my body were similarly affected, but there is now not a blotch, pimple or any other sign of the disease. I was cured by S. S. S. and I know I am cured to stay cured as this was several years ago. There is nothing that equals S. S. S. for Contagious Blood Poison and I always recommend it in such cases.

WALTER WEBER.

No. 430 1/2 Fourth St., Evansville, Ind.

The acknowledged virtue of S. S. S. as a blood remedy induced Mr. Weber to commence its use when he found he had contracted Contagious Blood Poison. The good results he obtained is just another demonstration of its value as a cure for this disease.

Contagious Blood Poison is the most powerful and destructive of all blood disorders. Its virus permeates the entire circulation and this explains why any one afflicted with this malady usually finds its symptoms manifested in every portion of the body. From head to foot the insidious poison breaks forth. The hair and eyebrows come out, the mouth and throat ulcerate, skin eruptions and sores and ulcers break out on the body, the bones ache, glands in the groin swell, and frequently the nails on hands and feet are affected.

The only possible way to cure Contagious Blood Poison is to remove the cause by purifying the blood. This is just what S. S. S. does; and it is the only medicine that absolutely and thoroughly cleanses the circulation of every particle of the germs and virus of the disease. Mercury, Potash, etc., are often used by despairing sufferers in the hope that such strong treatment will kill the poison. But this cannot be done; the disease may be checked temporarily and the symptoms improved, but the old poison is slumbering in the blood, and when the treatment is left off the disease always returns.

The ability of S. S. S. to cure Contagious Blood Poison comes from its blood purifying properties. It goes into the circulation and removes every trace of the poison, makes the blood pure and healthy, and leaves no dregs of the virus to break out later on. S. S. S. is made entirely of roots, herbs and barks, each of which has a direct and

specific effect in purifying the blood. S. S. S. does not contain a particle of mineral in any form to upset the stomach, affect the bowels, or inflame any of the delicate membranes of the body. It is Nature's blood purifier, potent and healthful, and so valuable are its tonic effects that when S. S. S. has rid the

entire system is left in fine physical condition.

We want to help every Contagious Blood Poison sufferer to get well, and for this purpose we have prepared a special book for Home Treatment. We will mail this book with any special medical advice free.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

made by Mayor Sena and Superintendent Clark, after which Mr. Pattengill will give his notable lecture on "Gumption With a Big 'G'."

On Saturday there will be held two meetings of the Santa Fe County and City Teachers' Association, beginning

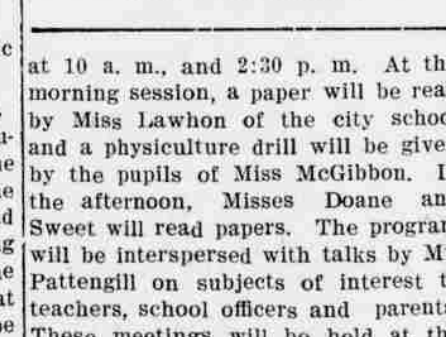

at 10 a. m., and 2:30 p. m. At the morning session, a paper will be read by Miss Lawhon of the city school and a physiotherapy drill will be given by the pupils of Miss McGibbon. In the afternoon, Misses Doane and Sweet will read papers. The program will be interspersed with talks by Mr. Pattengill on subjects of interest to teachers, school officers and parents. These meetings will be held at the high school building.

In the evening, beginning at 8 o'clock, another public meeting will be held at which Mr. Pattengill will address the people on "One Inheritance."

Thanks to the generosity of the Santa Fe board of education and friends who have gladly contributed to pay the expenses of these meetings, no charge will be made at any session. All are cordially invited to come.

Hon. H. R. Pattengill was for several years superintendent of public instruction for the state of Michigan. At present he is the editor of one of the few educational weekly papers of the country. The Moderator-Topics, published in Lansing, Mich., as a lecturer on subjects of education, he has a national reputation and his influence is widening yearly as people are

Chemist Claims to Have Perfected a Process That Will Eliminate Necessity of Smelting.

Spokane, Wash., April 13.—George E. Kingsley, a local chemist, claims to have perfected a process of manufacturing white lead direct from ore, thus eliminating smelting with its wastes and expense. He has interested capital here in a \$1,000,000 corporation, called the Kingsley Chemical Reduction Company, and will erect a plant of 50 tons capacity costing \$300,000 at Atlas, Idaho, 31 miles east of Spokane. Kingsley says his process will revolutionize the paint-making industry in that by the new method the concentrates can be taken direct from the mill, and by the action of chemicals dissolve the lead, zinc and other metals from the ore, and through the addition to the solution of other chemicals precipitate the purest white lead, taking only 24 hours in process. The method now employed by paint makers requires four months. It is termed the Dutch process and necessitates the reduction of the lead ore to thin sheet metal, the white lead being produced by the fumes of vinegar.

WHITELEAD MADE DIRECT FROM ORE.

Spokane, Wash., April 13.—Union labor promises to be a factor in politics in the state of Washington this year and in the future. A convention has been called by the State Federation of Labor to meet in Spokane on July 4, for the purpose of organizing a new party, separate and distinct from the Republican and Democratic parties and, as it is stated in the resolutions adopted by a recent referendum vote, without fusion or trading with them. It is given out officially by D. C. Coates of Spokane, ex-lieutenant governor of Colorado, that candidates for congressional, state, district and county officers will be put in the field next fall. A. W. Swenson, a member of the Spokane Typographical Union, who is credited with originating the plan at the annual meeting of the state federation at Hoquiam last January, said in an interview that the break between the wage-earners and the old parties has been impending for the last two or three years, and it is now up to the workers themselves to nominate their candidates and elect them.

New Mexico Military Institute

ROSWELL, NEW MEXICO.

"The West Point of the Southwest."

Army Officers Detailed by War Department Army Inspectors RANK SCHOOL IN CLASS "A."

Through Academic course, preparing young men for college or for business life. Great amount of open air work. Healthiest location of any Military School in the Union.
